

Filling Spaces: A Step-by-Step Guide to Using Fill Spaces Mode

1

Choose Your Area

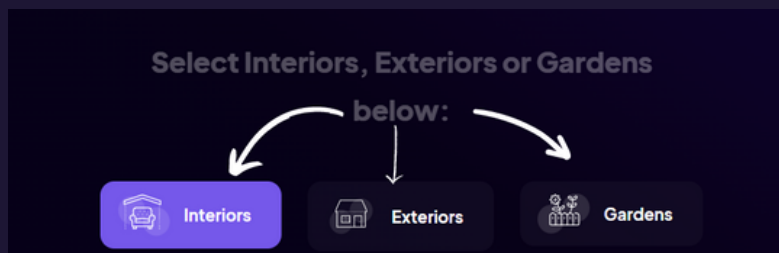

Let the creative adventure begin as we guide you through the seamless process of utilizing our Fill Spaces Module. With HomeDesigns AI, your vision for the perfect space is just a few steps away! Let's get started:

First things first, decide which area of your house you want to revamp. You have three options to choose from:

- Interiors
- Exteriors
- Gardens

Simply click on the corresponding buttons to make your selection.

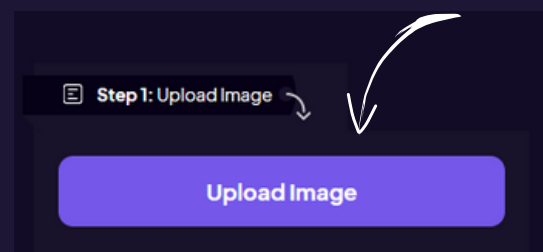

2

Upload Your Picture

To get started, let's breathe life into your ideas! Click on the "Upload Image" box to add the picture you wish to work with. You have the freedom to choose a photo from your smartphone or computer gallery. Remember to ensure that your picture is in either .png or .jpg format for smooth processing

For the best results, we recommend using photos taken in natural lighting. Also, try to avoid using the "wide" setting on your camera.

3

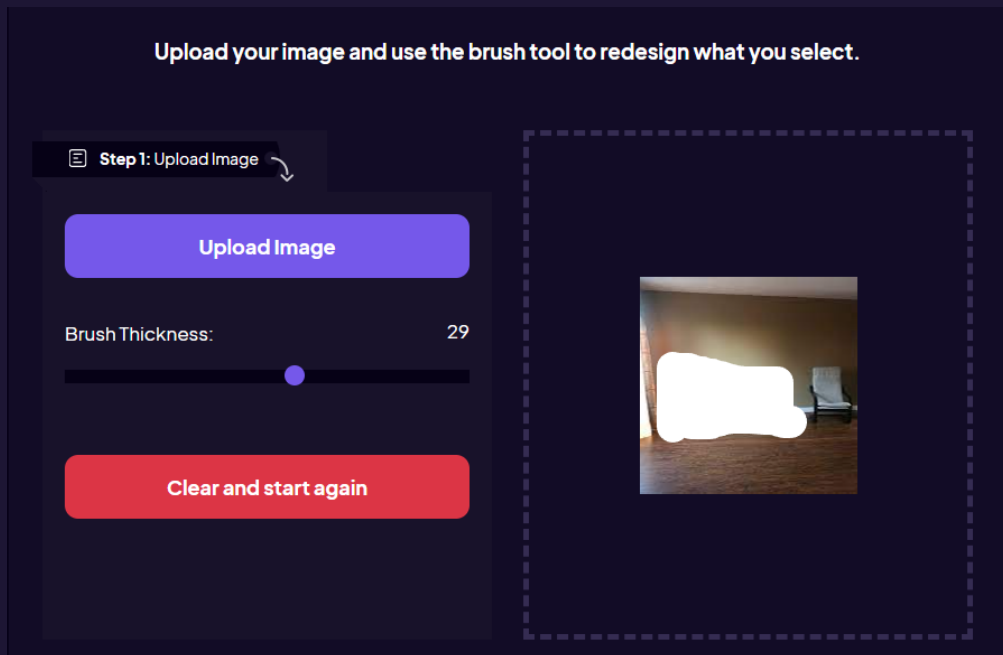

Crop the Image

Once your picture is uploaded, you can further refine it to perfection. Use our easy-to-use cropping tool to focus on the specific elements you want to highlight in your redesign.

4

Highlight with the Brush Tool

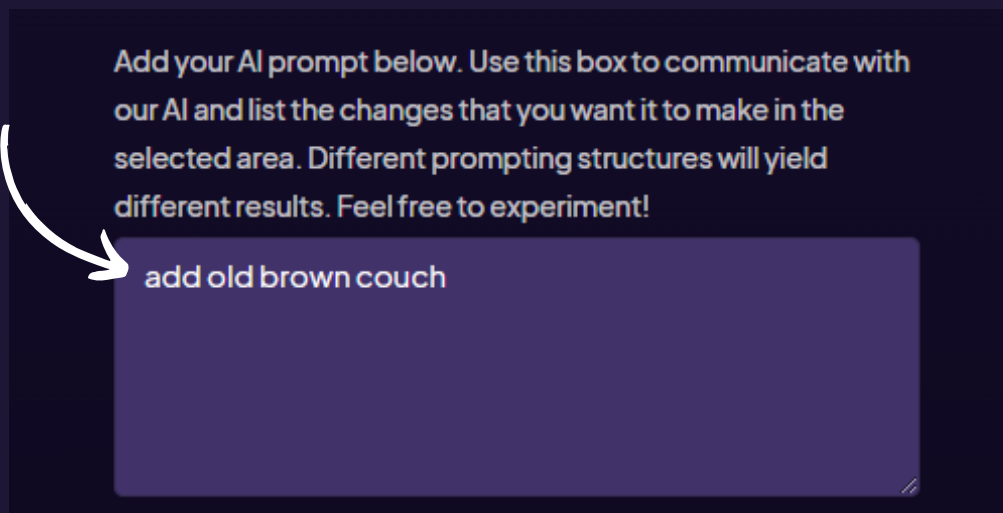

Express yourself artistically! Our Brush Tool empowers you to effortlessly highlight the elements you want to add in your image.

5

Add Your Personal Touch

Make it uniquely yours! The "Custom AI Instruction" box lets you infuse your design with personalized elements. Have a particular idea in mind, like an "old brown couch" in your room? Check the box, type in your instructions, and let our AI work its magic.

6

Embrace Your Preferred Design Style

With a variety of design styles at your fingertips, choose the one that resonates with your taste and brings out the best in your vision. From modern minimalism to cozy rustic vibes, find the perfect style to match your dreams.

7

Select Your Transformative Room Type

Discover a wealth of design possibilities! Select the number of designs you want to explore, and immerse yourself in a world of captivating options.

8

Decide on the Number of Designs

More choices mean more fun! Select the number of designs you wish to explore. Delve into a variety of possibilities to find the perfect fit for your space.

9

Find Your Ideal Design

Congratulations on personalizing your design journey! Now, it's time to select the design that best captures your vision and takes you closer to the home of your dreams.

You're All Set!

With HomeDesigns AI's user-friendly Fill Spaces Mode, making your dream home a reality has never been easier. Let your creativity soar, and let our AI technology do the heavy lifting. Get ready to witness the wonder of a personalized and stunning living space!
